

Cookie is a very friendly and playful poodle. Cookie came to our family when he was around 4 month old, he was so little and cute. Cookie loves going outside and playing is the yard with his toys (and the kids' toys). We are a family of six mom, dad, three toddlers and Cookie. One day I came home to find that cookie was limping. I took him to the veterinarian and they said to wait couple of weeks that it could be just a muscle. After three weeks of limping he got x-ray done and we were informed the bad news that he was in need of surgery. They told us that it would be about two thousand dollars. We do not have that kind of money, we were devastated and desperate. I was even willing to give him up as long as he was taken care of. Thank God I found the Paws 4 A Cure website and we were blessed to have Cookie surgery done and he is now recovering. We thank you Paws 4 A Cure for all for all your help and support. Some day we hope to be able to support the cause with you.
